1. Introduction

- 1.1 In order to accommodate new development within its area, West Berkshire District Council seeks developer contributions in order to fund new infrastructure.
- 1.2 West Berkshire seeks developer contributions through the Community Infrastructure Levy (CIL), which is a flat-rate charge per square metre on certain forms of new development¹.
- 1.3 Additionally, where development directly leads to a particular infrastructure requirement, West Berkshire District Council may secure funding for further specific infrastructure improvements through Section 106 agreements (s106).
- 1.4 This report has been provided in accordance with regulation 121A and schedule 2 of the CIL regulations 2010 (as amended). It sets out information on the monetary and non-monetary contributions sought and received from developers to provide infrastructure to support the development of West Berkshire.
- 1.5 The period covered by this report is the financial year 1 April 2021 – 31 March 2022.

¹ See the [West Berkshire CIL Charging Schedule](#) (Adopted March 2014) for more details on the forms of development that are charged, and the charges per square metre.

2. Community Infrastructure Levy (CIL)

- 2.1 The West Berkshire Community Infrastructure Levy (CIL) was implemented on 1 April 2015. It becomes due for payment on commencement of development. West Berkshire District Council operates an instalment policy for amounts greater than £15,000².
- 2.2 When CIL becomes due in connection with a development, West Berkshire District Council issues a CIL demand notice which sets out the amount of CIL payable, and the instalments that apply.
- 2.3 Because West Berkshire District Council's CIL instalment policy allows for up to two years for payment to be made (in the case of the largest CIL obligations) the CIL demand notices issues during a particular year do not equate to the amounts that are received during that same year. Additionally, developments may be altered by additional planning permissions over time, which may result in revised CIL demand notices. In these instances, only the most recently issued demand notices are included in this report.
- 2.4 Table 1 sets out the headline figures relating to CIL within West Berkshire District Council during the period 1 April 2021 – 31 March 2022.

Table 1 Key figures for CIL in West Berkshire in 2021/22

CIL invoiced (set out in Demand Notices ³) in 2021/22	£2,809,436.68
CIL receipts (funds received into West Berkshire District Council's bank account) in 2021/22	£6,292,262.92
CIL receipts paid back by Parish Councils (CIL regulation 59E) or collected in areas without Parish Councils (59F) in 2021/22	£4,790.02
CIL expenditure in 2021/22	£3,852,935.94
CIL retained at end of 2021/22	£15,231,333.79

² See the [West Berkshire CIL instalment policy](#) contained in the West Berkshire CIL Charging Schedule for full details on the instalments available. The instalments policy will not be applied in cases where development commences without a CIL commencement notice being submitted to West Berkshire District Council prior to work starting on site.

³ Includes late payment interest and any surcharges issued.

2.5 CIL regulation 59 sets out that a CIL spending authority must use its CIL receipts to fund the provision, improvement, replacement, maintenance or operation of infrastructure to support the development of its area.

2.6 Table 2 sets out details of those projects which CIL was spent on in 2021/22 to support development in the West Berkshire District Council area.

3. CIL Infrastructure List

- 3.1 This section sets out a statement of infrastructure projects, or types of infrastructure, that West Berkshire District Council intends to wholly or partly fund from CIL receipts. It relates to spending proposed for the 2022-23, 2023-24, 2024-25, 2025-26 and 2026-27 financial years.
- 3.2 In line with the CIL regulations, West Berkshire District Council applies up to 5% of the CIL it receives to cover the administration of CIL. 15% of the CIL receipts are passed to Parish or Town Councils, increasing to 25% where a Neighbourhood Development Plan has been adopted. The remaining portion of CIL receipts, known as the “strategic CIL pot”, is administered directly by West Berkshire District Council and applied to infrastructure projects.
- 3.3 Currently, two Parishes in West Berkshire have an adopted Neighbourhood Development Plan:
- The Stratfield Mortimer Neighbourhood Development Plan was adopted in June 2017.
 - The Compton Neighbourhood Development Plan was adopted in February 2022.
- 3.4 West Berkshire District Council has agreed a broad allocation of the CIL receipts it manages. This is shown in figure 1 below.

Figure 1 Broad proportional allocation of CIL funds managed by WBDC

- 3.5 Broadly, West Berkshire District Council uses 90% of the strategic CIL pot for education and highways infrastructure improvements (split roughly equally between education and highways) with the remaining 10% of CIL receipts applied to “other”

infrastructure, such as libraries, community facilities, and environmental improvements. West Berkshire District Council may also use this 10% to support external bodies in delivering infrastructure improvements.

3.6 Table 9 sets out the projects, or types of infrastructure, that West Berkshire District Council intends to wholly or partly fund from CIL.

- 3.7 To further help to ensure that CIL funds support local communities, West Berkshire District Council has allocated £1.5m of CIL receipts to support local projects (made up of £500,000 for each of the financial years 2021-22, 2022-23, and 2023-24).
- 3.8 Bids totalling £495,518.76 were approved for projects taking place in the 2021-22 financial year, and a total of £424,318.76 was paid to community groups in 2021-22 to support local projects (see Table 5).

- 3.9 A further £412,286.61 has been agreed to fund community group-led projects in the 2022-23 financial year (see Table 7).
- 3.10 A further £500,000 will be available for community groups to bid on to support local projects in the 2023-24 financial year. These funds are allocated through a bidding process, where local community groups are invited to put forward projects for potential CIL funding. Bids for CIL funding are assessed and granted based on their alignment with infrastructure priorities identified by the West Berkshire Local Plan, Infrastructure Delivery Plan, Recovery Strategy, and other applicable strategy documents.
- 3.11 Community-led projects supported to date have included the provision of new play areas and new multi-use sports areas, the creation of sensory gardens to serve local communities, the maintenance, refurbishment, and replacement of community buildings including village halls, and improvements to local ecology including wildlife habitat enhancements.

4. Section 106 agreements

- 4.1 Section 106 of the Town and Country Planning Act (1990) gives local authorities and developers the ability to enter into a binding legal agreement to mitigate the impacts of proposed development.
- 4.2 West Berkshire District Council may sometimes decide to seek developer contributions under a Section 106 agreement (s106) to make a proposed development acceptable in planning terms.
- 4.3 These agreements can include a requirement for developers to pay financial sums toward the provision of new infrastructure or the improvement of existing infrastructure within the vicinity of a development. Alternatively, s106 agreements can secure the provision of new infrastructure, such as affordable housing or public open spaces.
- 4.4 Table 10 sets out the headline figures relating to s106 within West Berkshire during the period 1 April 2021 – 31 March 2022.

Appendix A: The regulatory background for Infrastructure Funding Statements

- A-1. Infrastructure Funding Statements are a new form of reporting introduced in the September 2019 amendment to the CIL regulations.
- A-2. Regulation 121A of the CIL regulations (as amended) requires any authority that receives developer contributions to prepare an Infrastructure Funding Statement (this report) detailing the amount of funds received, and how those funds are spent.
- A-3. For clarity, CIL regulation 121A is reproduced below:

121A (1) Subject to paragraph (2), no later than 31st December in each calendar year a contribution receiving authority must publish a document (“the annual infrastructure funding statement”) which comprises the following—

- (a) a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by CIL (other than CIL to which regulation 59E or 59F applies) (“the infrastructure list”);
- (b) a report about CIL, in relation to the previous financial year (“the reported year”), which includes the matters specified in paragraph 1 of Schedule 2 (“CIL report”);
- (c) a report about planning obligations, in relation to the reported year, which includes the matters specified in paragraph 3 of Schedule 2 and may include the matters specified in paragraph 4 of that Schedule (“section 106 report”).

(2) The first annual infrastructure funding statement must be published by 31st December 2021.

(3) A contribution receiving authority must publish each annual infrastructure funding statement on its website.
