Hi

Sorry I assumed that you had received the document

You are correct in assuming that I am objecting to the Strategic Site Allocation

My concerns relate to lack of infrastructure including the road network, healthcare and education, which are already at their limit

A development of this size will inevitably have a negative impact on the environment, this is a world-wide concern at present and it seems quite inappropriate that we should add to that problem

I hope that this is what you need

Best wishes RB Galland

Dear Mr Galland

Thank you for your email in response to the consultation we are undertaking on the Local Plan Review.

Before we can register your response we need to clarify that you are objecting to the strategic site allocation we are proposing at North East Thatcham (Policy SP17). We assume this to be the case, but we need you to please confirm.

We also assume that you are referring to a document that Bucklebury Parish Council has prepared. As we have not yet seen this document we are unclear as to the specific grounds of your objection and so if you could provide further details that would be much appreciated. We will then be able to make sure that your comments are correctly recorded.

Kind regards
