Hello,

I **strongly** object to the new housing development plans for the below reasons:

- Significant damage to the Common
- Pressure on medical & complementary services including GP surgeries and schools. Kennet is already over subscribed and this will only add more pressure.
- Thatcham and Upper Bucklebury will effectively merge and Upper Bucklebury will lose its identity. This would be heartbreaking as it's such a fantastic community and a beautiful and peaceful place to grow up in nature. This would change and ruin this special English village forever.
- Increased traffic through Upper Bucklebury.

The negatives hugely outweigh the pros in this case, and I hope the council reconsiders.

Yours sincerely,

Alanna Southgate.
